Payment and Attendance Policy for DBT Parent Group

- The group is \$50 per session, per person.
- A verbal commitment for the first 6 sessions is required for participation.
- Regular attendance is important in skill practice and acquisition, as well as in creating an environment of safety and support for group members. Also, once you have committed, a slot is reserved for you in group, which cannot be filled even if you miss a session. For these reasons, **payment is expected for each session, regardless of if you attend or miss group.** If you are using your Blue Cross/Blue Shield insurance, a missed session is not covered, and the full \$50 out-of-pocket fee will be collected by Sarah.
